Nestled in the beautiful Alleghenies, Johnstown is emerging as a center for outdoor recreation in Pennsylvania and the eastern U.S. It's also a town rich in arts and culture and steeped in nationally significant history. If you're seeking incredible new adventures and authentic experiences, Johnstown is the place for you!

- Paddle the longest continuous set of rapids in the eastern U.S. on the Stonycreek River!
- Hike or bike through the first railroad tunnel built in the U.S. - the Staple Bend Tunnel!
- Test your mettle on the Inclined Plane's downhill biking trails! What a thrill!
- Bike 51 miles on Pennsylvania's 2020 Trail of the Year - the Ghost Town Trail!

- Ride 140 miles of trails at one of the premier ATV parks in the Eastern United States - Rock Run Recreation!
- Marvel at the giant Spider-Man/ Doctor Strange Mural - the only Marvel Comics approved public art ANYWHERE in the world!
- Learn the art of forging in a National Historic Landmark - the former Cambria Iron Company's industrial forge shop!
- Dine with a spectacular view of Johnstown from Asiago's Tuscan Italian restaurant.
- Celebrate the holidays with "one of the 15 Best Holiday Light Displays in the USA" (Macaroni Kid) Johnstown's Christmas Tree in Central Park!

These are just a few of the hidden gems and adventures that can be found in and around Johnstown and Cambria County. All the area's experiences come beautifully framed by the scenic Allegheny Mountains. We look forward to seeing you soon!

Adventures on the Water

PADDLE SPORTS & BOATING

Paddle the Stonycreek River's longest continuous set of rapids in the eastern U.S.—15 Class III-IV rapids in 4 miles!

THE STONYCREEK RIVER

To boat the Stonycreek, or “Stony” is to experience the best that this mountain river system has to offer. From the experts-only Class V water of Paint Creek to the East’s longest-continuous rapids in the Stonycreek Canyon, whitewater paddlers will find hydraulics aplenty here. But the Stony’s more placid stretches and the beautiful Quemahoning Lake offer places for less-experienced boaters – or for those who are content to sit back and feel the ripples. With a growing reputation among paddlers and fly fishers, and the development of Quemahoning Lake as a family recreation area, The Stonycreek is becoming the place for mountain-style fun! Paddle or pedal, cast a fly or a plug, swim or picnic, enjoy a crowded festival or a solitary walk. The Stonycreek features outstanding recreational and leisure-time resources! (source: www.thestonycreek.com)

Stonycreek Rendezvous

WHITEWATER RELEASES

The Stonycreek not only features great whitewater, but it can guarantee it! Just upstream of the Stonycreek Canyon on Quemahoning Creek sits the Quemahoning Dam, which has a 500 cfs release valve. The valve is opened on a schedule that is published in advance, assuring boaters who are traveling some distance that there will be whitewater to boat. Although the releases typically occur every other weekend from April into October, check the updated schedule before you go because the releases sometimes are canceled if the water level is too low in Quemahoning Lake. When releases do occur, they can dramatically improve the boating in the class III-IV Stonycreek Canyon. For the current release schedule, visit www.benscreekcanoecub.com/quemahoning-releases

STONYCREEK WHITEWATER PARK

300-yard water park within the banks of the Stonycreek River adjacent to the 11-acre Greenhouse Park picnic area in Tire Hill, minutes from downtown Johnstown along Rt. 403. Family-oriented park with swimming, play kayaking... or just a great place to hang out and watch the river fun! Open April through October. No fees, but safety regulations are posted. 814-288-1400 (pavilion rentals) | www.thestonycreek.com

KISKI-CONEMAUGH RIVER WATER TRAIL

86 river miles of paddling along the borders of Somerset, Cambria, Westmoreland, Indiana and Armstrong Counties in southwestern Pennsylvania. The Kiski-Conemaugh is a good novice and family canoe and kayak river. The most prominent features include the Conemaugh Gorge, just west of Johnstown, Packsaddle Gap, and nearby bike trails and historic communities. Elements of the Allegheny Portage Railroad remain along the entire length of the trail, some visible only at low water. For more information and a trail map, visit www.mainlinecanalgreenway.org/experiencing-the-greenway/traveling-by-boat/kiski-conemaugh-water-trail/

GUIDED TRIPS

COAL TUBIN' PENNSYLVANIA, L.L.C.

Guided whitewater rafting on rivers ranging from Class I-IV whitewater! Tubin' on the Stonycreek River...great for groups! 25 acres of riverfront camping for the night before your adventure, the night after, or both! Bike rentals, festivals, concerts, hikes, and other fun activities all summer! Check our website for additional details! 100 Station St., Johnstown, PA 15905 | 814-254-4393 www.coaltubin.com

CANOE/KAYAK LAUNCHES

Paddlers can launch canoes or kayaks at the following locations on the Stonycreek River: Greenhouse Park off Rt. 403 in Tire Hill; at Michigan Ave. in Riverside; near the Hickory St. Bridge (Johnstown); below the Inclined Plane bridge off Rt. 56 in downtown Johnstown. Conemaugh River launch is at 6th Ave. & Power St., Johnstown in the Cambria City section of Johnstown. Beware of low head dams and other river hazards. **Be sure to obtain a water trail map.**

**GET CONNECTED! AREA CLUBS
BENS CREEK CANOE & KAYAK CLUB**

The club is involved with issues including stream access, whitewater conservation, dam releases and the remediation of environmental threats. BCKC hosts the annual Stonycreek Rendezvous, the Stony-Kiski-Conemaugh River Sojourn, and other events. For information on local rivers and streams, or for event information, visit www.benscreekcanoekayclub.com.

**LAKES & RESERVOIRS
GLENDALE LAKE**

Located about 35 miles north of Johnstown, Prince Gallitzin State Park's 1,635-acre Glendale Lake is a popular destination for sailboats, canoes and kayaks & powered boats up to 20HP. It features nine public boat launching areas; three public mooring facilities and two marinas for sailboats, pontoon boats & motorboats. Winter activities include ice fishing, ice boating, and ice skating. Concessions, fuel sales, rentals, repairs, and other services are available. 814-674-1000 | www.dcnr.pa.gov

BEST PLACES TO BIKE!

Pedal through our historic mountains and valleys!

THE GHOST TOWN TRAIL
PENNSYLVANIA'S 2020 TRAIL OF THE YEAR! A National Recreation Trail. Also named one of the Best Hiking Trails in the U.S. by the editors of *American Towns Media*. Natural beauty, fascinating historical features, and length: The Ghost Town Trail is a 51-mile long 'rails to trails' trail that blends these qualities and throws in a bit of challenge for flavor. Named for the long-gone coal-mining communities that once dotted its right-of-way, the GTT flows past two massive iron furnaces, old coal-loading tipples, and other traces of industrial history. The Blacklick Creek valley in which it is situated is gorgeous, with mountain streams, stands of rhododendron, dozens of wildflower species, and cool woodlands. The packed limestone paving provides an ideal surface for non-motorized activities.

The trail includes the 32-mile main stem portion from Blacklick, PA to Ebensburg, PA; the 17-mile C and I Extension that includes the 4-mile Rexis Branch from Vintondale to White Mill; the 8-mile Stritty's Way from the Rexis Branch near the Rt. 422 underpass to North St. in Cardiff; the 5-mile extension from Ebensburg to Springfield Road in Nanty Glo. A 2-mile mixed surface connection from the C & I to **Duman Lake County Park** gives trail visitors access to amenities such as picnicking, fishing, camping, and much more. Bicycle rentals and cross-country ski rentals are available at the Ebensburg trailhead at the Young Peoples Community Center to accommodate trail use year-round. Cambria County Conservation & Recreation Authority, www.cambriaconservationrecreation.com

STAPLE BEND TUNNEL TRAIL

Ride through the first railroad tunnel in the U.S.! Finished in June 1833, the Staple Bend tunnel was advertised as the first railroad tunnel in the United States. It was the third tunnel of any kind built in the US; the first tunnels were for other canals in Pennsylvania. The 2.5-mile trail connects with the **Path of the Flood Trail** on the old Allegheny Portage Railroad bed. It's handicapped accessible and open to walkers and bicyclists. Trailhead parking is available near the town of Mineral Point. Allegheny Portage Railroad National Historic Site 814-886-6150 | www.nps.gov/alpo

JIM MAYER RIVERSWALK TRAIL

A National Recreation Trail named for a local conservationist; the trail is a delightful 3.1-mile (5k) urban trail on the east end of the City of Johnstown. Following the Stonycreek River, the trail begins in the neighborhood of Riverside on Michigan Ave. and ends in the Hornerstown neighborhood on Messenger St., near **Sandyvale Memorial Gardens & Conservancy**. This trail offers beautiful views of the river, abundant birdlife and wildflowers, picturesque Buttermilk Falls and serenity within an urban setting. One of its best features is the 50-foot Buttermilk Falls, located about 0.7 miles from the Riverside trailhead. The Riverswalk is nearly level, and its surface is groomed and easily ridden or walked. Cambria County Conservation & Recreation Authority www.cambriaconservationrecreation.com

PATH OF THE FLOOD TRAIL

A National Recreation Trail, this historical trail enables users to start 300 yards west of the breached South Fork Dam on an off-road section of trail and follow the same watercourse that floodwaters took in 1889, when they surged into Johnstown. The Path of the Flood Trail provides numerous trail-side markers that tell the story and enable users to visualize the scene within the Little Conemaugh River valley, which remains largely unchanged more than 130 years later. This trail is naturally beautiful and challenging with some steeper grades and varying trail surfaces. The Path of the Flood offers a 13.86-mile bicycle ride that's both intellectually and physically satisfying. In Spring 2023, the final 300-yard piece of trail to the breast of the dam will be complete, allowing visitors to enjoy the full 14-mile Path of the Flood Trail. Cambria County Conservation & Recreation Authority www.cambriaconservationrecreation.com

INCLINED PLANE DOWNHILL MOUNTAIN BIKING TRAILS

Downhill or freeride bikes required. Two stunning trails on Johnstown's Inclined Plane hillside ending near the bottom of the historic Inclined Plane. Catch a ride on the Incline back to the top for another thrilling ride down. Parking is available at bottom along Rt. 56, and at the top. (Inclined Plane is closed for rehabilitation as of this publication Spring 2023; reopening date TBA. Please go to www.inclinedplane.org for updates.)

HIGHLAND REGIONAL PARK

13 miles of mountain bike trails with tight twisty, "turny" singletrack for riders of all skill levels. Advanced riders will be challenged by the burly rock gardens, logs, and skinnies. Riders of all abilities can enjoy the tight, narrow, and fast flowing intermediate trails. In addition, there is a wider yellow blazed trail that circles the park and is perfect for beginners. The park includes 137 acres of woodland, ball fields and picnic areas in addition to the mountain bike trail system. For a trail map and other area biking information, go to www.lhorba.org. Located at 213 Playground Dr., Johnstown, PA 15904

QUEMAHONING DAM TRAIL SYSTEM

Just 15 minutes from Johnstown, the Quemahoning Dam mountain biking and multi-use trail system encircles the beautiful 900 acre Quemahoning Reservoir. The system features **30+ miles of trails**, including a beginner/intermediate main loop with additional spurs being built for advanced mountain bikers. The trails are mainly fast and flowing. The Quarry Trails should satisfy any rock lovers. We challenge you to make it around the first time dab free! Sweet 16 Trail traverses down a ravine with a series of 16 steep and short spaced switchbacks. Check out the newly constructed Pitch Pine Loop which is over a half mile completely within a dark pine forest. And don't forget to "do the Dippers." The **Quemahoning Family Recreation Area** features tent, RV, and rustic cabin camping, a swimming beach, fishing, & pavilions. The lake is ideal for canoeing, kayaking, and paddle boarding. For biking info. and trail maps go to www.lhorba.org or www.facebook.com/quetrails/

PRINCE GALLITZIN STATE PARK

Located north of Johnstown near Patton, PA, Prince Gallitzin State Park features 20+ miles of mountain biking trails. Network of roads, multi-use trails and snowmobile trail network. Terrain is varied, from wide natural surface multi-use campground trail to dirt double and single-track trails in the Killbuck Run Area (northern part of park), which are not very technical but with few downed trees.

TRANS ALLEGHENY TRAILS

Here in the heart of Pennsylvania's Allegheny Mountains, the Trans Allegheny Trails are a system of rail-trails – with attitude. Parts of them are almost level, while other sections are downright challenging. That's part of the fun for riders who like to get their hearts pumping and don't mind breaking a sweat. You don't have to be that kind of rider to enjoy the Trans Allegheny Trails though! Most sections are typical rail-trail (less than 3% grade) and run through some of the Alleghenies' most beautiful scenery. And these trails have all the historic character of the Alleghenies themselves. Come for a day, a weekend, or a week! To decide which trails to ride, build an itinerary, get directions and find the necessary amenities of bike shops, food and lodging, visit www.transalleghenytrails.com.

MOTORCYCLE RALLY

THUNDER IN THE VALLEY® ANNUAL MOTORCYCLE RALLY In June 1998, Johnstown hosted its first motorcycle rally. That may not seem like a big deal, but for a town that had been most recognized for its history, the annual Thunder in the Valley® Motorcycle Rally has helped to create a new identity for Johnstown. Historic downtown Johnstown is the hub of the rally. Multiple venues with food booths, vendors, live music, and kids' activities, offer something for everyone. The Thunderbolt Saloons offer Anheuser-Busch products and a variety of mixed drinks at three outdoor venues. The Grand Thunder Parade rolls through the town at high noon on Saturday, where thousands line the street to watch the seemingly endless stream of motorcycles rumble by. Local restaurants and bars welcome bikers with events and promotions, and other organizations host guided rides, hill climbs, and other activities. Always the **FOURTH** weekend in June!

The Johnstown Flood Story

Learn the shocking story of the Great Johnstown Flood of 1889 and Johnstown's remarkable recovery!

134 YEARS AGO in the waning years of the nineteenth century, the steel barons from Pittsburgh enjoyed a private retreat in the mountains of Cambria County. Known as the South Fork Fishing and Hunting Club, the members included Andrew Carnegie and Henry Clay Frick. The club boasted a multi-acre lake, boathouses, and cottages. A large clubhouse served as a hotel and restaurant for members and their guests. Life was easy along the lake until the rains came that day. The storm began on Memorial Day and continued through the night. On May 31, 1889, rising water in the lake breached the South Fork Dam, sending twenty million tons of water roaring through the Conemaugh Valley. The massive wall of water destroyed everything in its path. Houses, railroad cars and other debris all became part of the deadly mix that crashed into Johnstown and literally swept the town away. When it was all over, 2,209 people were dead; but from the destruction rose a spirit of survival and commitment that is still alive in Johnstown.

The flood was the worst natural disaster of the 19th century.

Learn the shocking story of the Great Johnstown Flood of 1889 and Johnstown's remarkable recovery! An unforgettable journey through a poignant time in Johnstown's history. Here, the lessons of the past still apply today. Learn more by visiting the following sites and points of interest:

THE JOHNSTOWN FLOOD STORY MADE THE BIG SCREEN!

In 2003, Johnstown Flood, narrated by actor Richard Dreyfuss, was released straight to DVD. Much of the footage from the Johnstown Flood National Memorial's film Black Friday was taken from the 1926 silent film, The Johnstown Flood, which starred Janet Gaynor and George O'Brien. The animated short from 1946, Mighty Mouse and The Johnstown Flood, features our rodent hero using super-hypnosis to turn back time and "save the day". (Source: "Johnstown on the Big Screen" by Mike Mastovich, Johnstown Magazine, May 2007).

READ ALL ABOUT IT!

Many books have been written about the 1889 Johnstown Flood, including The Johnstown Flood, which was the first book written by the renowned historian, David McCullough. It's considered the best book on the tragedy. More recently, Al Roker published Ruthless Tide: The Heroes and Villains of the Johnstown Flood, America's Astonishing Gilded Age Disaster.

Adventures in Innovation & INDUSTRY

Discover how our innovation and industrial might fueled America's westward expansion and transformed America into a modern industrial nation.

Westward, ho! Conquering the Alleghenies by canal and railroad. In the early 19th century, the Allegheny Ridge presented a nearly insurmountable obstacle rising nearly 1,200 feet standing in the way of expansion to the west. To conquer the Ridge — and cross it with roads, canals, and rail — was a challenge that mustered American ingenuity and established Pennsylvania as an industrial giant. The Pennsylvania Mainline Canal, completed in 1830, was the first route connecting Philadelphia with Pittsburgh and shortened the journey from three weeks by wagon to four days by railroad and canal. The Pennsylvania Railroad leaped the mountains with an all-rail route, sparking the development of the region's iron, steel and coal industries. Civil engineering masterpieces such as the Horseshoe Curve and the Gallitzin Tunnels, as well as the vast Pennsylvania Railroad locomotive and car shops in Altoona, established the Ridge area as an early testing and research laboratory for railroading.

Explore Cambria City:

JOHNSTOWN'S ARTS & CULTURAL DISTRICT

This colorful and walkable 10-block neighborhood was established in 1853 just after the steel making giant, the Cambria Iron Works became established in this area. A forerunner of Bethlehem Steel Corporation and United States Steel Corporation, the Iron Works attracted thousands of immigrants seeking work in the mills and mines. The area was a true melting pot of immigrants who found work in Johnstown's cigar factories, distilleries, and breweries and established churches and social clubs while preserving traditions and cultures. Faith is both alive and lively in Cambria City as this cultural neighborhood makes a dramatic transition! A walking tour of Cambria City can be found at: www.jaha.org. Located along Route 56 (Broad St.), just west of Downtown Johnstown, from 1st to 10th Avenue.

Cambria City is the site of many events throughout the year, including the Jazz Along the River series, Sunday Market @ Cambria City, Ethnic Fest, theater & musical performances, and other gatherings. The events often feature delicious ethnic foods, entertainment, dancing, and arts & crafts.

Ebensburg

Experience Small Town Hospitality in Ebensburg

EBENSBURG TRACES ITS ROOTS back to 1797, when the Rev. Reese Lloyd and a group of eleven families traveled here from Philadelphia and established a Welsh colony. In 1804, Ebensburg was designated the seat of the newly formed County of Cambria. During the late 19th century, Ebensburg grew and prospered as word of the area's natural springs and scenic beauty spread. Many of the wealthy from New York, Philadelphia and Pittsburgh constructed summer "cottages" of fifteen to twenty rooms; while others enjoyed the services provided by the Belmont, Lloyd Springs, and Mountain House. These hotels counted Andrew Carnegie, William H. Vanderbilt, and Mary Todd Lincoln as guests. Today, Ebensburg features a charming downtown with quaint shops, eateries, and lodging. Located at the eastern end of the **Ghost Town Trail**, Ebensburg is the perfect place for exploring the trail and surrounding recreation and historic attractions. It also hosts popular festivals and events including Art in Bloom Spring Art Show, Wheels & Wings, a Summer Concerts in the Park Series, PotatoFest, and Dickens of a Christmas.

GHOST TOWN TRAIL

Prince Gallitzin's Loretto

Visit Prince Gallitzin's Loretto, the First English-Speaking Catholic Settlement in the U.S. West of the Allegheny Front!

Loretto, formerly the McGuire Settlement, was named after the Shrine of the Holy House in Loreto, Italy, by Father Demetrius Gallitzin, a former Russian Prince who renounced his royal upbringing, enrolled in seminary and became the first priest to receive all his seminary studies in the United States. Gallitzin, known as "The Apostle of the Alleghenies", established the church and pastored the settlement in Loretto until his death in 1840. He is buried in an underground crypt with his heroic-sized statue standing atop a monument next to the Basilica of St. Michael the Archangel. He is currently under consideration for sainthood. Another famous Loretto resident was steel magnate, Charles Schwab. Born into poverty, Schwab was hired by Carnegie Steel of Pittsburgh when he was 17 and worked his way up to company president by the age of 35. Schwab contributed his financial resources significantly to the people of the Ebensburg/Loretto community financing the Carmelite Monastery and the Basilica of St. Michael the Archangel.

Cresson

A TRAIN WATCHING HOT SPOT!

CRESSON WORKERS helped to fuel the Industrial Revolution. According to Sr. Anne Frances Pulling in her book "Around Cresson and the Alleghenies", the town of Cresson was a "hub of commerce when the Pennsylvania Railroad established headquarters here with a roundhouse, machine shops and branch lines." Besides railroading, Cresson industries included lumbering, coal mining, and coke yards. Laborers resided in company houses located within one mile of where high society had built mansions. The area's natural beauty of lush greens and mountain springs served as an escape for the Pittsburgh elite. Several built residences here including J&L Steel icon, Benjamin Jones, and U.S. Steel magnate, Andrew Carnegie. Many affluent guests, including President Abraham Lincoln, visited the elaborate Mountain House. Situated on a hillside amongst several mountain springs and private cottages, the resort accommodated 900 affluent guests who vacationed and made business decisions here. **Cresson is located along the Norfolk Southern Mainline of the former Pennsylvania Railroad, making it a popular destination for railfans!** Cresson is located between Gallitzin and Cassandra, two of Cambria County's train-watching hot spots.

Authentic Johnstown Pierogis

| DOUGH: | FILLING: |
|----------------------------|------------------------------|
| 3 cup all-purpose flour | 8 potatoes |
| 1 egg | 4 Tbs. butter or margarine |
| 1 Tbs. butter or margarine | 1 cup grated Longhorn cheese |
| 1/4 tsp. salt | 1 onion, chopped finely |
| | Salt and pepper to taste |

DOUGH: Work egg into flour with fork. Add salt, warm water & margarine; mix well. Knead until firm and soft. Cover with lightly damp cloth & let stand for approximately 10 min. Roll dough to 1/8 thickness & cut into 3-inch circles. Spoon filling on to one side of round & pinch edges firmly to seal. Drop Pierogi into salted (optional) boiling water. When they rise to the top, lower the heat & cook for approximately 8 - 10 min. Drop into cold water and drain. Pour a little melted butter on Pierogi to prevent sticking.

FILLING: Boil potatoes. Sauté onions in butter or margarine until transparent. Mash potatoes. Add sautéed onions, cheese, salt & pepper immediately to mashed potatoes & mix well. To serve, sauté onions in butter or margarine & pour over Pierogi. Other fillings to consider are: sauerkraut, cottage cheese, prunes or lekvar.

Ethnic Recipe compiled by Henry Boni and Patricia Klavuhn a complete Johnstown Cook Book can be purchased from the Johnstown Area Heritage Association (JAHA)
